Allowable Subject Matter

1. Claims 1-8, 10-21, and 34-37 allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The closest prior art is to Siitonen et al (US Patent No. 6,049,796). Siitonen teaches a contact database and search module that identifies contacts within said database through text-matching a character string in a search query with text associated with a contact. However, the search module of Siitonen is not responsive to performance of a search by a first user by using relationship data to identify other users that are of contacts of contacts of the first user as recited in independent claim 1.

The closest prior art is to Siitonen et al (US Patent No. 6,049,796). Siitonen teaches a contact database and search module that identifies contacts within said database through text-matching a character string in a search query with text associated with a contact. However, Siitonen does not teach searching the database to identify a set of users who are contacts of contacts of the first user, and notify the first user of the set of users as recited in independent claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
